# HANDICRAFTS

Handicrafts are the beauty of converting a raw stone into a fine piece of art. In different cultures different school of thoughts teach respective cultural and artistic values, these values dictate the sense of décor. In every civilization the art of décor is different, in some the statues are taken as a token of gratitude and remembrance whereas in some it is forbidden. We at Al Muftah Alfdi focus on customer artistic values, finds it appropriate for the customer to dream of an art piece and our engineers put in best efforts to bring it to reality.
